

# GSG IMPACT SUMMIT 2018

OCTOBER 8-9 | NEW DELHI
JW MARRIOTT, AEROCITY

**PROGRAM GUIDE** 

## WELCOME \\

As communities around the world face the challenges presented by the twenty-first century, a vision of impact economies is emerging: a world where creating positive impact is as central to economic decisions as consideration of risk and return

What will an impact economy look like? And, what actions do we need to take today to create impact economies across the world?

We invite you to help answer these questions at the 2018 Impact Summit, taking place in October this year in New Delhi, India. The Summit will bring together hundreds of impact leaders: entrepreneurs, investors, philanthropists, corporates, social sector and government leaders and leading market builders. We hope you will be among them.

As part of this year's Summit, we will:

- ▲ Explore current and future actions by the GSG, our National Advisory Boards and partners to catalyze the impact economies of the future
- ▲ Engage with GSG working groups to define the trajectory of the field and where future work should focus
- ▲ Create a unified vision for the development of impact investing ecosystems across the world.

We hope you will join us for what promises to be a ground breaking Summit, amid the entrepreneurial energy of New Delhi.

We are advancing well towards Tipping Point 2020. Collectively, we will continue to improve lives and the planet by driving real impact.

We look forward to seeing you on 8-9 October 2018!

## LAUNCH OF 'ON IMPACT'

ON IMPACT
A GUIDE TO THE
IMPACT REVOLUTION

By Sir Ronald Cohen

The Impact Revolution is a movement in which we all play a part. It introduces a simple change, but one that has enormous ramifications for our world: the incorporation of impact - impact on our society and our environment - into the way we think, act and make decisions.

It is a change that has already begun, and one that permeates all elements of our society.

All of us - business leaders, employees, pension savers, investors, entrepreneurs, governments, philanthropists, consumers, citizens - will place impact at the core of our decisions and actions, to create a world that works. A world of sustainable shared prosperity, and of social and environmental progress.

'On Impact' is written by Sir Ronald Cohen, one of the founders of impact investing, but the story of the Impact Revolution will be written by you.

#### **ABOUT GSG**

The GSG is an independent global steering group catalyzing impact investment and entrepreneurship to benefit people and

planet. The GSG was established in August 2015 as the successor to and incorporating the work of the Social Impact Investment Taskforce established under the UK's presidency of the G8. The GSG currently has 18 countries plus the EU as members. Chaired by Sir Ronald Cohen, the GSG brings together leaders from the worlds of finance, business and philanthropy to get measurable impact embraced as a deliberate driver in every investment and business decision.
